Raising standards in retail display

/Introduction

Rainbow Visor is a **disposable** protective visor which acts as a hygiene barrier to help prevent the spread of **COVID-19**.

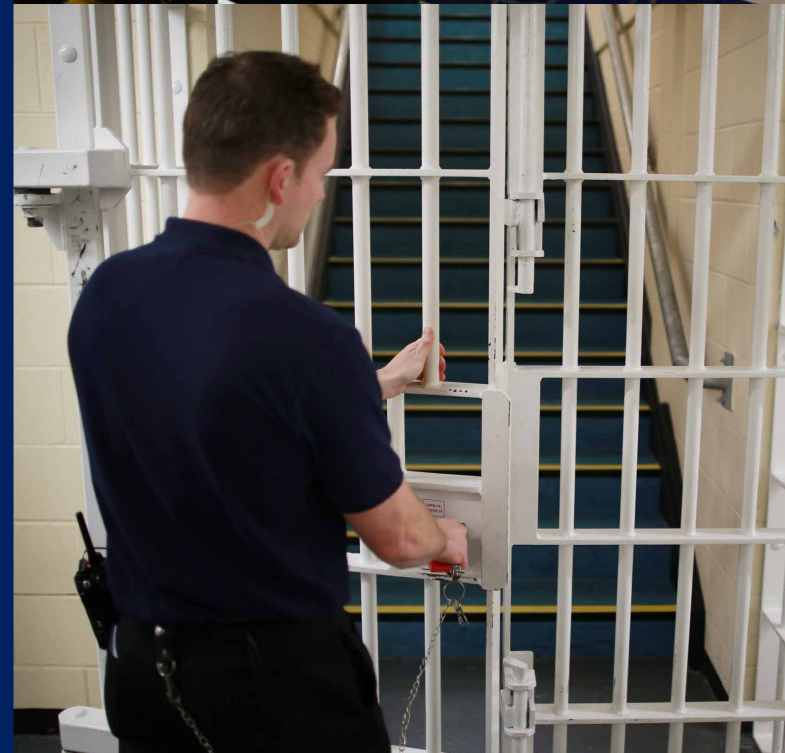

Rainbow Visor is distributed flatpacked and can be easily assembled in a few simple steps.

/Application

Rainbow Visor is a single use low cost solution that can be conveniently supplied in high volumes for many uses such as:

- public transport
- visiting carehomes
- visiting prisons
- visiting hospitals
- supermarkets
- workplace

/Manufacturing capabilities

We have the capacity to manufacture **4.8 million** units per day in the **UK** to be supplied in units of 500. Each unit contains 500 visors and 500 elastics.

/Features

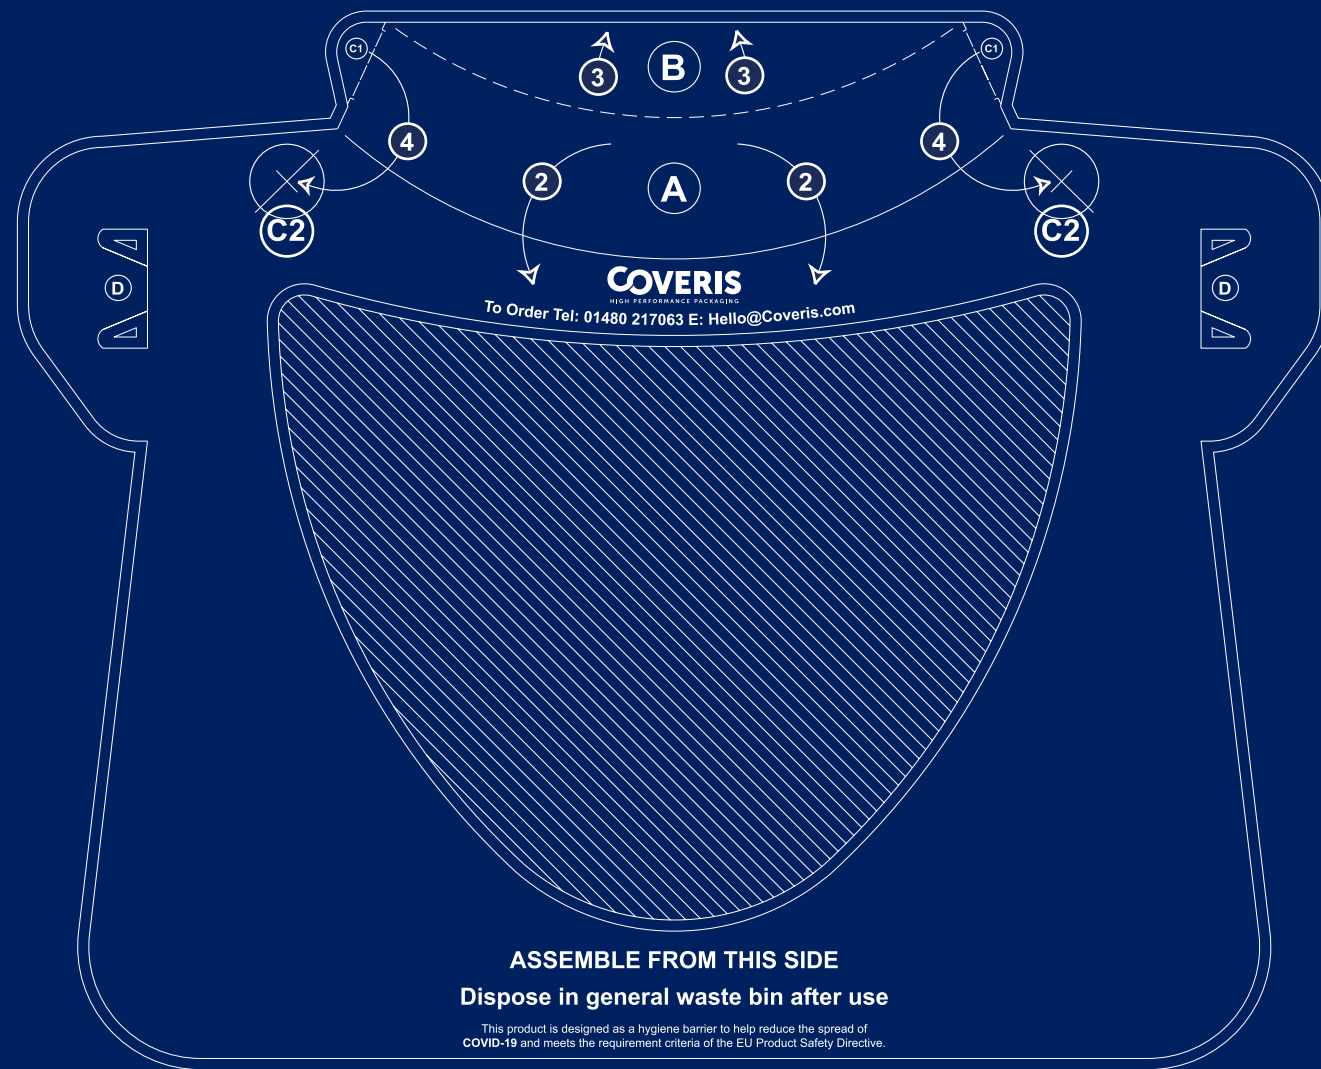

Rainbow Visor has the following benefits:

- Protects eyes, nose and mouth
- Prevents touching of face
- Anti mist coating on lens
- Single use
- Lightweight
- Customisable - ability to print branding
- Made from FSC cardboard
- Elasticated headband - no adjustment required
- Meets EU Product Safety Directive

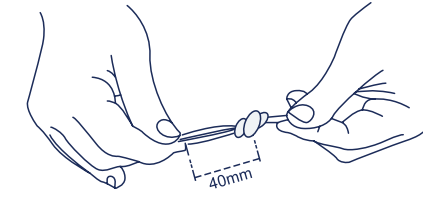

/Assembly

Rainbow Visor comes conveniently flat-packed and is easy to assemble in a few simple steps.

1

Using the elastic provided tie a knot approx. 40mm from the ends.

2

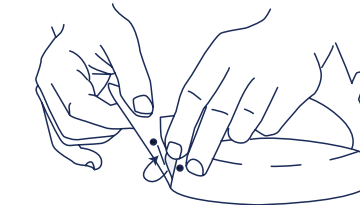

Fold **A** back towards you.

3

Holding panel **A** in place push panel **B** up.

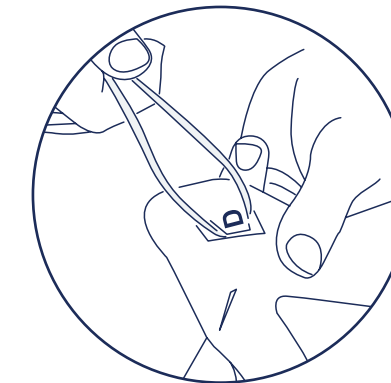

4

Tab **C1** into slot **C2** and push until locked. Repeat on both sides.

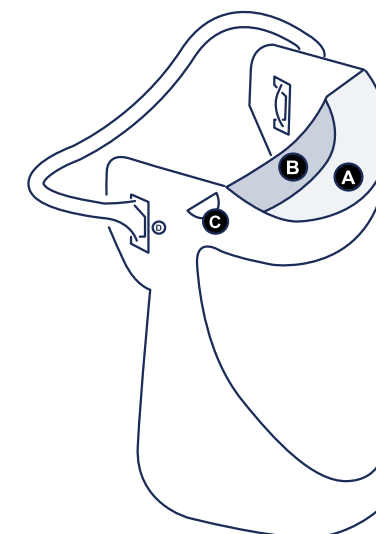

5

Loop the elastic around both **D** tabs from the outside of the mask.

Completed Mask

/PPE

Rainbow Visor **DOES NOT IMPACT** the current Government procurement or manufacture of PPE for the NHS and front-line workers.

/Contact

To place an order or if you have any specific requirements please feel free to contact us and we would be more than happy to help.
